# IMPLANT DIAGNOSTIC SERVICE

---

Dental Art Laboratories firmly believes in and supports the team approach to implant case planning. Therefore, we are happy to provide this diagnostic service to assist you in case designing, pre-and post-surgical treatment planning, and cost estimation for all phases of your implant reconstruction cases.

To take advantage of our Implant Diagnostic Service:

1. Complete Doctor's information.
2. Send study models, preliminary bite, x-rays and this form to Dental Art Laboratories.

Upon receipt, we will evaluate your models and design a treatment plan and then provide:

1. Cost estimates.
2. Pre-surgical recommendations.
3. A complete step-by-step clinical procedure.

***This valuable service is provided at no charge.***

If you have any questions regarding the DAL Implant Diagnostic Service, or need technical assistance, please call or email **Valerie Hollenbeck** or **Anne Bartrem**:

**517-485-2200 • 800-444-3744 • Fax: 517-485-2289**
